CONSUMPTION CAN BE CURED.

SCHENCK'S PULMONIC SYRUP.
SCHENCK'S SEAWEED TONIC.
SCHENCK'S MANDRAKE PILLS.

Are the only medicines that will cure Pulmonary Consumption.

Sometimes medicines that will stop a cough will often occasion the death of the patient. It locks up the liver, stops the circulation of the blood, hemorrhage follows, and in fact, clogging the action of the very organs that caused the cough.

Liver complaint and dyspepsia are the causes of two-thirds of the cases of consumption. Many are now complaining with a dull pain in the side, the bowels sometimes costive and sometimes too loose, tongue coated, pain in the shoulder blade, feeling sometimes very restless, and other times drowsy; the food that is taken lies heavily on the stomach, accompanied by acidity and belching of wind. These symptoms usually originate from a disordered condition of the stomach or a torpid liver. Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly stopped, the lungs, liver and stomach clog, and remain torpid and inactive, and before the patient is aware of his situation, the lungs are a mass of sores, and ulcerated, and death is the inevitable result.

Schenck's Pulmonic Syrup is an expectorant which does not contain any opium, nor anything calculated to check a cough suddenly.

Schenck's Seaweed Tonic dissolves the food, mixes with the gastric juice of the stomach, digests easily, nourishes the system and creates a healthy circulation of the blood. When the bowels are costive, skin sallow, and the patient is of a bilious habit, Schenck's Mandrake Pills are required.

These medicines are prepared by Dr. J. H. SCHENCK & SON, Northeast corner of Sixth and Arch streets, Philadelphia, Pa., and for sale by GEO. C. GOODWIN & CO., 38 Hanover street, Boston, and John F. Henry, 8 College Place, New York, Wholesale Agents.

For Sale by Druggists generally.

A Little Romance Without A Hero.

About a year ago, Michael Fallon, who lived at the corner of Alborn and Spencer streets, in Providence, enlisted in the U. S. army. James Hughes, a younger and single man, enlisted at the same time. Tuesday night, Fallon was arrested by officer Sweet, while intoxicated, upon Alborn street, and yesterday arraigned in the Police Court. Warrant-Officer Hunt, who remembers faces, recognized him as an old time respondent at that bar, whom he knew had enlisted, and whose time could not have expired. On being questioned, Michael confessed the fact of his desertion. In a conversation with him subsequently, he related the following story in substance:

"I lived on Alborn street in this city with my wife and child, a year ago. In company with James Hughes, I became intoxicated, and while we were both in that condition, we enlisted in the regular army. We were sent to Fort Leavenworth, Kansas, and mustered into the Fifth Regiment U. S. Infantry. I had guard to perform and was badly treated. Saturday, August 21, 1872, I was given a pass, and went to a circus. I returned so discontented that I determined to desert, and the next day, as soon as I was relieved from duty, it being a quiet Sabbath afternoon, I effected my escape from the Fort without difficulty. I crossed over into Missouri and obtained work of a planter. I stayed with him till I had earned $65, when I was taken sick with fever and ague, and it took all I had, at the charge of $6 a visit, to pay my doctor's bills. I have never recovered fully, and had an attack of the complaint last Sunday. After working in different places as I was able, I slowly drifted North and reached my home in this city about a week ago, finding my wife and child living where I left them. Last night I got drunk and here I am. I have heard that my companion, Hughes, attempted to escape after I did, but was recaptured. I don't like the situation and wish I could get out of it."

The poor fellow, who credits his trouble, first and last, to liquor, will be turned over to the U. S. military authorities.

Newport Daily News.

MONDAY, JULY 7, 1873

Our friends will confer a favor by sending us items of any matter of local interest which may come to their knowledge.

Correspondence concerning matters of public interest will be inserted, but we do not hold ourselves responsible for opinions expressed in such communications. All manuscript must be accompanied by the name and address of the writer.

The summer routes of the News are now carried. The paper is delivered north as far as Bliss road, east as far as Gibbs avenue and south as far as Webster street. The publishers will be pleased to serve all within the above limits.

The simplicity of the British tariff as contrasted with our own, is very clearly demonstrated by the fact that while our tariff covers several thousand articles, the entire list of dutiable goods in the British tariff includes only sixty-five articles. For the fiscal year ending March 31, 1872, the British tariff yielded a total revenue of £20,513,000 or nearly $99,000,000. Of this amount, more than nine-tenths was collected from duties on five leading articles, viz: Tobacco $6,843,005; sugar $3,521,521; tea and coffee, $4,584374; spirits, $4,527,777, wines $1,-619,286; all other articles, $488,931. Total $20,513,283.

THE JURY SYSTEM.

Among the many absurd principles underlying the laws of this country, that upon which the jury system is founded stands among the first and foremost. Its long standing is not owing to any lack of discussion upon its merits, but, rather to the failure of its traducers to introduce a substitute, even as good. This system of guardianship over the rights of American citizens, has formed a subject for the most varied criticism; and as time moves on and people become more dissatisfied with its workings the clamour for its extinction increases. The dissatisfaction is greatly augmented because of the fact that very few people are sure that the present system is better than any other. In respect to the merits or demerits of the jury system, it is not so easy to say as people generally imagine, or attempt to prove. Morally speaking, it is safe to say that the system is less faulty than its manipulators, but this does not prove anything very favorable to the system; in a practical sense, it is against it, manipulation should be the last thing to which a system of such vital importance should be subject.

There is nothing so arbitrary in the construction of this law as many of its enemies would like to show; the fact is, there is nothing of that character about it, and there ought to be. It is very frequently said that the law virtually offers a premium in the selection of jurymen, for such qualifications as ignorance and wickedness. This is a wholesale charge without any "backing." The *law* does nothing of the sort. Our form of government is not characterized by any rules or laws requiring any certain amount of understanding or education by actual measure as a prerequisite to official or other position. Men are only disqualified in this country by incurring certain penalties. And in consideration of this, it would be worse than absurd to require any stipulated amount of intelligence as a qualification for jurymen; and if you are not going to require a stipulated degree of general knowledge, in this particular the system cannot be materially benefited.

The opinion that ignorance is especially invited to our jury boxes, has, in no small measure, grown out of a very degraded idea that no man can possess average intelligence whose literary tastes do not lead him into the criminal record of the daily press for intellectual food. This may be good reasoning but permit us to entertain an opinion to the contrary. The report of John Smith shooting Bill Jones, even if read, is not apt to impress an intellectual mind very deeply unless there are peculiar circumstances attending the affair. And allowing the circumstances to be of a peculiar nature, the probability is that no opinion justly disqualifying the reader to act on a jury of trial will be formed.

But this properly treats upon the law previous to an important provision. For the past two years there has been an express provision of law in force to the effect that knowledge in itself is not a disqualification, provided the person is of good character. Of course the oath prescribed by law requires a solemn pledge to judge impartially, etc. This provision certainly relieves the jury system from the charges preferred against it, if there are any previous doubts of its being immediately compromised. If there is a direct fault in the system, it is in a too direct compliment to the representations of the bar. We have had juries even in New York within the last year that have done honor to themselves and the jury system, and there is the one reason only why we cannot always have them, viz: because lawyers don't want them. Juries will be much improved when they are chosen in a different manner.

A Cool French Murderer.

A dreadful case of murder has just been tried before the Court of Assizes of the Puy-de-Dome, at Riom. It appears from the *acte d'accusation* that at about seven o'clock, on the morning of the 11th of January, some men proceeding to their work at the quarries of Teilhede, found a man lying dead and bathed in blood, at a short distance from the village. These men immediately communicated the fact to the local authorities, and the body was recognized by the Mayor to be that of one of the most honest inhabitants of his own commune, a drover named Marien Courson, aged thirty-seven. The head of the victim was riddled with shot, the pockets had been turned inside out, and it was evident that, as he was the bearer of from twelve hundred to fourteen hundred francs, the object of the crime was robbery.

The victim, accompanied by his two partners, left home at an early hour on the morning of the 9th to attend the fair at Montferrand, which was to take place on the following day. They disposed of their cattle and returned home on the evening of Friday, the 10th. After stopping for a short time at Riom, they took the road to Chateaugay, and on reaching a place called Bayard, Courson left his companions, and took a short way over the country toward Teilhede. On reaching a deserted part of the road a man named Hebrard, a farmer in the same commune, who, aware that his victim was possessed of a sum of money, had lain in ambush for a couple of hours, as soon as his victim came up fired two shots at him from a rifle point blank. Death was instantaneous. When Hebrard, upon whom everything tended to fix the crime, was at first confronted with the proofs of it, the rifle with which it was committed and other irrefutable evidences of his culpability, he preserved the utmost coolness, and pretended that they had been hidden in his house by the real murderer.

Some days later, however, he made certain unguarded disclosures to the gendarmes, and afterwards made a free confession of the crime to the local magistrate, acknowledging, at the same time, that his victim had been his benefactor on several occasions, and only a few days before the crime had paid a bill with which he had been pressed by a publican of the village. The cool bravado with which he narrated every incident connected with his deeply-laid crime to the Court was, the journals state, revolting. "When I was sure that Courson was dead, he said, I went up to him, examined his pockets, took everything he possessed, and then went to a neighbor's, where I took two or three glasses of wine and smoked a cigarette." It is scarcely to say that little was added by the testimony of witnesses to a statement like this, and Hebrard was found guilty, without extenuating circumstances, and sentenced to death.

THE LATEST NEWS.

A despatch dated from Gerry says that a Mennonite deputation on a prospecting tour in the French settlement of White House plains, were set upon by a party of armed half breeds and compelled to take refuge in a public house. Word was sent to Winnipeg and immediately a squad of fifty soldiers were despatched. The party has now all arrived safely in Winnipeg. The military have five prisoners.

Phineas Allan, late editor of the Pittsfield Sun and for nearly half a century a prominent democrat of Berkshire county, died at Pittsfield yesterday of paralysis at the age of 66 years. He was editor of the *Sun* from 1829 till 1872 and postmaster at Pittsfield from 1845 to 1861.

Dr. Alfred Baylies, the oldest physician in Taunton, died on Wednesday last, aged 91 years. He was secretary of King David lodge of Masons for forty-five years in succession, and was so popular with the fraternity that the lodge at the Weirs was named after him. His funeral will be observed today at 2 o'clock.

A crime of a most brutal character was committed in the tenement house No. 252 West Forty-seventh street, N. Y. On the evening of the fourth, a man named Golden seized a child, and, before any of the horror stricken witnesses could interfere, drew a knife across the infant's throat, almost severing its head from its body. The child was that of Mrs. McCabe, the woman occupying the house.

The adjourned term of the Maine supreme court, Judge Barrows presiding, was held at Alfred, Thursday. Max Fischacher, junior counsel for Wagner, presented the exceptions in the case, which were allowed by the court, and they will be argued at the law court in Portland. The questions involved were those of jurisdiction and various rulings at the trial. Wagner was present and looked unhappy.

The venerable Hon. William Allen of Norridgewock, Me., died on Thursday last, aged 93 years. For half a century Mr. Allen was a leading man in Somerset and Franklin counties, being several times a member of both branches of the legislature, a valuation commissioner and holding several county offices.

Two persons died in New York today after having, according to the attending physician's report, the most pronounced symptoms of Asiatic cholera. The board of health declared that the deaths did not result from Asiatic cholera but from cholera morbus induced by imprudent eating. One of the persons was said to have been subject to frequent choleraic attacks. Eminent physicians believe that the deaths were from true Asiatic cholera, and think that the board of health is acting unwisely in concealing the true state of the case. The city is in good condition for the spread of an epidemic, especially the Sixth Ward.

The last game between the Mutuals and Washingtons resulted as per score following:

Officer Carson, of the Eighteenth Precinct, of New York, reported on the 4th at the Twenty second Precinct Station house that Mary McCabe, forty one years old, was lying dead in bed at her residence, No. 317 East Twenty fifth street, from violence at the hands of her husband, John McCabe, fifty years old and her son John McCabe, seventeen years old. McCabe, Sr. and the son John were at once arrested and locked up.

In the post mortem examination it was found that the head was one mass of bruises, a large clot of blood weighing [illegible] ounces pressing on the left hemisphere of the brain and causing compression, and the breast and face completely covered with abrasions, undoubtedly the result of violence. Eliza McGovern, a tenant in the house, who first discovered that Mrs. McCabe was dead, testified to young McCabe telling her not to enter the room in which his mother's body was lying, and to his having admitted to her that he struck his mother in the morning. Coroner Kessler committed both the McCabes to the Tombs to await an inquest which will be held at an early date.

Fall River.

The following boats entered the regatta on the Fourth: Albert, Alpha, Nettie, Gradison, C. H. Bast, Zephyr, Wave and Ida Fern. A triangular course from Rodman wharf to Bay Rock point, Common Fence point, and back, 10 miles, was sailed over twice. A start was made a few minutes before 11 o'clock. Four boats after sailing [illegible] and the others withdrew, and the others finished the race coming in as follows:

Gradison, time 3 hours, 51 minutes, [illegible] secs; Alpha, time 3 hours 5[illegible] minutes, [illegible] secs; Nettie, time 4 hours, 37 minutes, [illegible] seconds. The prizes were awarded the Gradison winning the first, Alpha the second and Nettie the third. The length of the winning boats is respectively, [illegible] feet, Alpha [illegible] feet and Nettie [illegible] feet. Time allowed [illegible] minutes to the foot for difference in lengths. The wind [illegible] most of the time, thus giving a fair opportunity to test the sailing qualities of the little yachts. [illegible]

The alarm of fire about a quarter before eleven last night, from box 4[illegible], was caused by the burning of an out building at the Ferry Lane school house.

A false alarm was sounded from box [illegible] on Thursday evening.

A game of base ball was played yesterday, in New Bedford, between the Acushnets, of New Bedford, and the Resolutes of this city, which resulted in a victory for the latter, by a score of [illegible] to [illegible].

Five boys and young men were arrested, Thursday night, for firing crackers in the streets in violation of law. They were locked up, but several of them were subsequently released on bail till this morning, when they were arraigned before the Police Court.

The rowing matches which were to have taken place yesterday were unavoidably postponed on account of the roughness of the water.

An Englishman and his wife, with their boys and girls, passed through Toledo, Ohio, last week, on their way to Jacksonville, Ill. The man is thirty six years and six months old, and his wife thirty-five, and they had with them ten children, all single births, the eldest of whom was eleven last March, and the youngest is a child of three months.

A terrible accident occurred near Farley, Iowa, on the Iowa division of the Illinois Central railroad, about midnight of the 3d. A previously disposed rail precipitated the entire westward-bound freight train from the track, instantly killing the conductor and two men, and completely wrecking seven cars.

A woman at St. Joseph, Mo., committed suicide the first of the week because the small pox left her helpless in some way.

Protection Steam Fire Engine Company No. 5 was ordered to fill up the reservoirs which were emptied at the fire Saturday night immediately afterwards. This was done in order to be on the safe side in case of its being needed. They did not return to their engine house until 3 1-2 o'clock a. m.

A game of base ball took place on Saturday last between the Bristol and Phil. Sheridan club at Fort Adams, or as nearly that as anything we can make out of a gratuitous communication in which contest the Bristols were victorious by a score of 2[illegible] to 20.

—The veteran reporter, B. W. Pearce, was the loser of a small box of silver valued at $50, at the fire Saturday evening. No one can mistake the ownership, as the property is distinctly marked. A man must indeed be totally depraved who would appropriate anything from the effects of a newspaper man. We trust Brother Pearce will recover his property.

FIRE ON SATURDAY NIGHT.

At about nine o'clock on Saturday night the fire department was called out in answer to an alarm proceeding from the store of A. C. Landers No. [illegible] Thames street. On arriving at the scene of the fire the utmost confusion was found to prevail. The location of the fire made it a difficult [illegible] with but praise to the department [illegible] got under control before it had [illegible] considerable proportions.

The various companies arrived [illegible] to participate in the work of [illegible] the flames and worked together [illegible] and with which reflects great credit on the department. Mr Brinley's Oration.

The crowded state of our columns on Saturday last obliged us to omit the concluding paragraphs of this elaborate address. They are as follows:

[illegible] that the [illegible] the [illegible] of the [illegible] the [illegible] of [illegible] and religious freedom, and is the [illegible] those men who [illegible] a political form of government which is the beneficent and potential guardian of all the people, so that the very least feels its ease, and the greatest is not exempt from its power.

I have thus imperfectly sketched the glorious past of Rhode Island. Her people cling to the principles and teachings of this little San Marino of the western world. Her liberal tenets, her sufferings and her gallantry cannot be adequately described within the limits of an address appropriate to the National birth-day.

One of the renowned artists of old selected the individual points of beauty to be found among the fairest of the daughters of *earth*, and embodied them into an exquisite resemblance of the daughters of the *sea*. With a kindred feeling, but hopeless of success, I have grouped together some of the historic features of our beautiful state, and tried to mould them into an attractive form.

The incomparable inheritance we have derived from a conscientious ancestry, we are bound to transmit unimpaired to future generations. The surest guarantee we can give for the discharge of this imperative duty, is strict adherence to the requirements of the constitution, and prompt obedience to divine, as well as to human law. Public honor is the offspring of individual morality. When the waters of the spring are pure, the rivulet will be transparent. If the people become indifferent to the behests of lofty integrity, and virtue hangs loosely about them, their governmental agents will be corrupt, aggressive, tyrannical, and the Republic will totter to its fall.

Let us confirm our convictions of duty, by pondering the principles and stern integrity of the Fathers. Let us see that the *vine*, which was sent to take root in New England, be carefully guarded and nurtured, so that by divine favor, it may branch out stupendous into distant lands, and yield a fruitage brilliant as that which sparkled amid the darkness of night on the tree near the gate of Paradise, shedding peace and happiness, religion and virtue upon all the nations of the earth!

The Career of a Great Remedy.

Twenty [illegible] since it was [illegible] [illegible] tonic, corrective and restorative, and found that its effects more than fulfilled their hopes and expectations.

From that time to the present its course has been upward and onward, and it stands to-day at the head of all medicines of its class, American or imported, in the magnitude of its sales and its reputation as a safe, agreeable and potent invigorant and restorative. For languor and debility, lack of appetite, and gastric disturbances, so common during the summer months, it is absolutely infallible. Indigestion, bilious disorders, constipation, nervousness, periodical fevers, and all the ordinary complaints generated by a vitiated and humid atmosphere, vanish under its renovating and regulating influence. This is its record, avouched by volumes of intelligent testimony, extending over a period of a fifth of a century, and comprehending the names of thousands of well-known citizens belonging to every class and calling. In Europe it is thought a great thing to obtain the patronage of royalty for a "patent medicine," but Hostetter's Bitters has been spontaneously approved by millions of independent sovereigns, and its patent consists in their endorsement.

Swedish Help has supplied several hundred New England families with satisfactory service. Mr. Berglund, whose card appears in our paper to-day, leaves for Sweden soon to secure this desirable class of help.

MONDAY, JULY 7, 1873.

GENERAL NEWS.

BY TELEGRAPH.

Foreign.

MADRID, July 5.—The government has decided to employ every resource to crush the Carlist insurrection. A proclamation will be issued giving the insurgents five days to surrender to the Republican forces, after which time cordons will be drawn around the insurrectionary districts and a decisive campaign commenced. In consequence of the interruption of railway traffic, the mails are now sent from Spain by sea in war vessels. The vigorous measures taken by the government have prevented a Declaration of Independence which the irreconcilables were intending to issue at Barcelona. The Government has decided to discharge the soldiers whose terms have transpired, but to offer them two reals per diem to re-enlist.

The anniversary of the Independence of the United States was celebrated at the American Legation, yesterday, by a banquet. Among the guests of Mr. Sickles on the occasion were Senor Castelar, members of the Cabinet, foreign representatives in Madrid and the President of the Cortes.

ST. PETERSBURG, July 5.—It is officially announced that the Khan of Khiva, and all his ministers who fled from the capital upon the approach of the Russian troops, have returned and submitted to General Kauffmann, beseeching his clemency, and imploring his merciful consideration. The General, pending his disposition of their cases, has placed them under guard.

HEART'S CONTENT, July 4.—The laying of the cable of 1873 was successfully completed this morning, shortly after midnight.

ROME, July 6.—Fresh shocks of earthquakes were reported this morning in Balleno and vicinity.

LONDON, July 5.—A despatch from Bombay brings intelligence of a rising among the Hindoo peasants in the district of Poonah. They refuse to pay rents and have plundered and burned several houses. Two bands have been dispersed by the police.

The Shah of Persia departed from this city today for France. He proceeded to Portsmouth where he embarked on the British steam sloop Rapid at 2 o'clock this afternoon and sailed immediately for Cherbourg. A despatch from Paris to the *Telegraph* says, the duel between M. Ranc and DeCassagnac is to take place Monday next. Our national anniversary was celebrated with a banquet at Willis's rooms, London, at which all the prominent Americans here were present. The day was similarly observed at Paris, Berlin, Vienna and other leading cities of the continent, the American Ministers presiding at nearly all the celebrations.

New York.

NEW YORK, JULY 5.—Schooner Julia A. Rice, Captain Reed, lying at anchor off the battery, was boarded on the night of July 3d, by river thieves, who with revolvers pointed at the Captain's head, rifled the schooner of almost everything, then decamped, taking the schooner's yawl boat to prevent access to shore.

Despatches from St. Louis, Nashville and other western and southern cities report a general observance of the Fourth of July.

There was an unusually large number of serious accidents by the discharge of firearms and from fireworks in New York, but only one, the shooting of Mrs. Kuhan Barr at 1915 Second Avenue by an unknown boy in the head, is likely to result fatally.

There were twenty-five or thirty small fires, yesterday, damages varying from 50 to 100 dollars.

Frank Walworth was this morning sentenced to state prison for life.

ST. LOUIS, JULY 5.—A despatch from Hannibal, Mo., says the severest storm that ever visited that section occurred last night. Two or three houses were blown down and several unroofed, large numbers of trees were uprooted and much damage was done to fences and other property.

MILWAUKEE, JULY 5.—Reports from Fond du Lac state that the storm damaged the grain throughout Green Lake, Fond du Lac and Sheboygan counties to a great extent.

DAYTON, O., JULY 4.—A tornado tonight, blew down shade trees and chimneys here, and did great damage to grain, fencing and sheds in the country. The Miami river is bank full and rising.

BUFFALO, JULY 6. Three distinct shocks of earthquake occurred this morning—one quite strong about 5 o'clock, another about 7, and a third, quite strong, at 9:30 o'clock, causing considerable alarm by the rocking of buildings and shipping in the harbor.

ROCHESTER, N. Y., July 5.—Five persons, two gentlemen, two ladies and a boy, who were sailing in a boat, at Chippewa, yesterday, got into the rapids, and were carried over the Niagara Falls. The parties are not known. Pieces of the boat have been found.

CHIPPEWA, ONT., July 5.—A party, consisting of a man woman and child, went out on the river, yesterday afternoon, in a boat, and are supposed to have gone over the falls, as pieces of the boat were picked up below the falls this noon. The young man was from Cincinnati and the girl, with her young brother, were from Toronto. The young man and girl were to have been married today, having procured a license at Welland yesterday.

LATER.—Two of the parties who went over Niagara Falls, yesterday, gave their names as John Elliott and Margaret Rollinston both of Cincinnati. The former was about twenty, the latter about eighteen years of age.

Miscellaneous.

CINCINNATI, July 5.—The storms of the past three days have seldom been equalled in severity in Ohio and Indiana. Hurricanes and tornadoes with floods of rain have followed each other in rapid succession. This city and its immediate vicinity escaped the fury of the storms. The country north of this and parallel in Indiana and Ohio, has suffered severely by the furious storms which passed over it on the 2d, 3d and 4th instants. The telegraph wires were generally prostrated.

At Washington, Indiana, the storm was exceedingly fierce. Sheaves of wheat were scattered about wildly and carried many feet in the air. At Columbus the storm was very severe and destructive.

At Springfield, Ohio, it is reported that the telegraph poles are blown down across the turnpike so thickly in some places as to entirely obstruct travel. East of Springfield, on the Pacific and Atlantic Telegraph Line, there were two hundred poles down, some struck by lightning, others prostrated by the wind. Passengers from Logansport say the storm yesterday leveled trees nearly all the way from Logansport to Richmond, Indiana. In Richmond trees were blown down in the streets. The general prostration of the telegraph poles is without a parallel. An alarmingly large number were shivered by lightning and totally destroyed while many others were partially destroyed and many destroyed by wind. One fell across an express wagon, breaking both legs of the driver and crushing the wagon.

The crops are reported in this section of the country as in that farther west. At Port Washington, O., about seventy miles east of Columbus, the storm last night uprooted trees and unroofed houses.

At Centreville, O., near Xenia, a great number of telegraph poles were splintered by lightning. At Troy, O., a large cordage factory was unroofed. This side of Troy, on the line of the Dayton railroad, houses were blown down, fences prostrated, trees uprooted, fields of grain leveled, corn fields flattened, and in some instances, corn uprooted. Everywhere the fields looked like lakes of water. On the Zanesville road, five bridges were washed away. No trains will go east of Circleville before Monday. A number of feet of the railroad track have been washed away.

BOSTON, July 5.—In South Acton, Mass., Tuesday, George Curtin, a lad of 8 years, enticed a boy named Lane, aged 3 years, into the woods, and there beat him with a club in a most shocking manner, leaving him insensible. He was soon after discovered, but died of his injuries 24 hours after. The murderer fled, but was arrested last evening in Cambridge.

LONG BRANCH, July 5.—A terrific thunder shower occurred here this morning, lasting one hour, and another at noon accompanied by a momentary hail storm. Weather clear and cool tonight.

Secretary Richardson and Secretary Belknap arrived to night.

EASTPORT, Me., 2.—It is reported here that four men from St. Stephenson, on a fishing excursion were drowned at Deer Island N. B., opposite Eastport.

SALT LAKE, July 5. The 4th was celebrated by a parade of the fire department and a grand concert, at which 6,000 people and 500 babies were present.

CINCINNATI, July 5.—Advices from Maysville, Ky., state that a severe storm visited that section, yesterday, unroofing many buildings, uprooting trees, blowing off chimneys, and doing great damage to crops. The Hocking Valley in Ohio is inundated, the waters being higher than ever known before. Six miles of the canal are gone between Athens and Saline. The damage to the crops is over a million dollars, and the Salt Works and other commercial interests are suffering greatly.

COLUMBUS O., July 5.—The recent storm did much damage to crops in this vicinity. Portions of the track of the Hocking Valley railroad between this city and Lancaster are either washed away or under water. Bridges and telegraph poles are washed away and the trains have stopped running. The damage to fruit and grain by the recent storms in the southern parts of Ohio was very great.

Later.

Fires are reported this morning at Oregon, Wis, loss $16,000, Lowell, Mass., Woburn, Mass., and in numerous other places.

The record of homicides comprises a wilful murder in Charlestown, S. C., the shooting of a dangerous character by a jailer in a Kentucky town, a fatal quarrel about a woman in Wheeling, West Virginia, and the murder and robbery of a market wagoner on Long Island.

A yacht containing a pleasure party was capsized at Green Lake, Wis., during a storm, Friday, and twenty persons were drowned. Particulars are received of the loss of the barque Concordia and the drowning of five men off the coast of Newfoundland, on the 18th ultimo.

TO THE PUBLIC.

THE PAIN-KILLER manufactured by PERRY DAVIS & SON has won for itself a reputation unsurpassed in medical preparations. The universality of the demand for the Pain-Killer is a novel, interesting, and surprising feature in the history of this medicine. The Pain-Killer is now regularly sold in large and steadily increasing quantities, not only to general agents in every Province in British America, but to Buenos Ayres, Brazil, Uruguay, Peru, Chili, and other South American States, to the Sandwich Islands, to Cuba and other West India Islands; to England and Continental Europe; to Mozambique, Madagascar, Zanzibar, and other African lands; to Australia, and Calcutta, Rangoon and other places in India. It has also been sent to China, and we doubt if there is any foreign port or any island city in Africa or Asia, which is frequented by American and European missionaries travelers or traders, into which the Pain-Killer has not been introduced.

The extent of its usefulness is another great feature of this remarkable medicine. It is not only the best thing ever known, as everybody will confess, for bruises, cuts, burns, &c., but for dysentery or cholera, or any sort of bowel complaint, it is a remedy unsurpassed for efficiency and rapidity of action. In the great cities of British India and the West India Islands and other hot climates, it has become the standard medicine for all such complaints, as well as dyspepsia, liver complaint, and other kindred disorders. For coughs and colds, canker, asthma and rheumatic difficulties, it has been proved by the most abundant and convincing trials and testimony, to be an invaluable medicine. The proprietors are in possession of letters from persons of the highest character and responsibility, testifying in unequivocal terms to the cures effected and the satisfactory results produced in an endless variety of cases by the use of this great medicine. That the Pain-Killer is deserving of its proprietors claim for it is amply proved by the unparalleled popularity it has attained. It is a sure and effective remedy. It is sold in almost every country in the world, and is becoming more and more popular every year. Its healing properties have been fully tested all over the world and it need only be known to be prized.
Sold by all Druggists. je21

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

SOLICITOR OF PATENTS.

For Inventions, Trade Marks, or Designs.

No. 76 State-st., opp. Kilby-st., Boston.

AFTER AN EXTENSIVE PRACTICE of upwards of twenty years, continues to secure patents in the United States; also in Great Britain, France and other foreign countries. [illegible] all papers for Patents, executed on reasonable terms, with dispatch. [illegible] made to determine the validity and utility of Patents, of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

All necessity of a journey to Washington to procure a Patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."

CHARLES MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE, Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakable proof of great talent and ability on his part leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*

MISCELLANEOUS.

THE GREAT SOUTH AMERICAN JURUBEBA BLOOD PURIFIER

Is the most powerful cleanser, strengthener and remover of Glandular Obstructions known to Materia Medica.

It is specially adapted to constitutions "worried out" and debilitated by the warm weather of Spring and Summer, when the blood is not in active circulation, consequently gathering impurities from sluggish secretions and imperfect action of the secretive organs, and is manifested by Tumors, Eruptions, Boils, Blotches, Pustules, Scrofula, &c., &c.

When weary and languid from overwork, and dullness, drowsiness and inertia take the place of energy and vigor, the system needs a tonic to build it up and help the Vital Forces to regain their recuperative power.

In the heat of Summer, frequently the Liver and Spleen do not properly perform their functions; the Uterine and Urinary organs are inactive, producing weakness of the stomach and intestines and a predisposition to bilious derangement.

DR. WELLS'

EXTRACT OF JURUBEBA

Is prepared directly from the SOUTH AMERICAN PLANT, and is peculiarly suited to all these difficulties; it will cleanse the VITIATED BLOOD, strengthen the VITAL POWERS, and REMOVE ALL OBSTRUCTIONS from IMPAIRED ENFEEBLED ORGANS.

It should be freely taken, as Jurubeba is pronounced by medical authorities the best known TONIC and DEOBSTRUENT known in the whole range of the Materia Medica.

Hippodramatic Spectacles!

The Grecian Gymnasium!

Together with all the Classic Exercises and Feats of

THE CIRCUS ARENA!

First appearance in this country of the above named

Four Combined Exhibitions!

The attention of the public is called to the fact that there is no

MUSEUM,

(so called) or any of its concomitants, advertised in connection with the Great Central Park Menagerie and Den Stone's Circus. This establishment is known simply as the "legitimate" and only equestrian and zoological institution in America that can afford to stand upon its own merits, without having recourse to fictitious titles or other deceptive devices to bring it into notice.

THE GREAT MENAGERIE

contains all the attainable animated Wonders of the known world, having any especial interest to the public. Those who are at all conversant with the Zoological collection known as the

CENTRAL PARK MENAGERIE

will concede it to be the largest and best ever selected for exhibition on this continent. The following list comprises the names of some of the most prominent in this collection:

The Great African Eland,

Great African Potoquaine,

Horned Horse, or Wonderful Gnu,

The novel and finely formed

African Harte-Beeste,

A beautiful and graceful

Cazembian Bless Bock.

The Red Stag of India,

the only one in America.

A Tremendous Black Tiger.

Two Magnificent Bengal Tigers.

Did space permit we might mention an incredible number of other rare and curious animals just brought to this country.

Iroquois Warrior, Ka-Ke-Wa-Ma!

the only real Indian Circus Rider ever seen. Next to [illegible] of the entertainments in the ring will be introduced a new and original

INDIAN PANTOMIME

ENTITLED THE

CAMMANCHE'S ESCAPE FROM THE SEMINOLES.

Full of historic interest and presented with the finest dramatic effects, appropriate music, costumes, war-equipments, &c.

Particulars of the Grand Street Procession will be found in the small bills.

THE TROUPE OF IROQUOIS

in their war dresses, armed with spears, bows and arrows, and all the gay paraphernalia of the tribe, will appear mounted upon their native horses, accompanied by the entire [illegible] of horses, ponies and [illegible] animals, together with the long array of wagons, vans, &c.

Diamond Spectacles.

TRADE MARK

THESE SPECTACLES are manufactured from "MINUTE CRYSTAL PEBBLES" melted together, and are called Diamond on account of their hardness and brilliancy. It is well known that spectacles cut from Brazilian or Scotch pebbles are very injurious to the eye, because of their polarizing effect. Having been tested with the polariscope, the diamond lenses have been found to admit fifteen per cent. less heated rays than any other pebble. They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brightness and distinctness of vision not before attained in spectacles.

Manufactured by the Spencer Optical Manufacturing Company, New York. For sale by responsible agents in every city in the Union. R. A. HEATH & CO., Jewelers and Opticians, are sole agents for Newport, R. I., from whom they can only be obtained. No peddlers employed. Do not buy any unless you see the trade mark. ap
